

Welcome to Peel in 2021

Back to School Expectations

Here are a few points to help with a smooth start to the year whether you are new or are a returning student.

- Students should be properly equipped to learn from day 1. This includes:
 - ❖ a schoolbag
 - ❖ a water bottle
 - ❖ lunchbox or lunch money
 - ❖ appropriate stationery

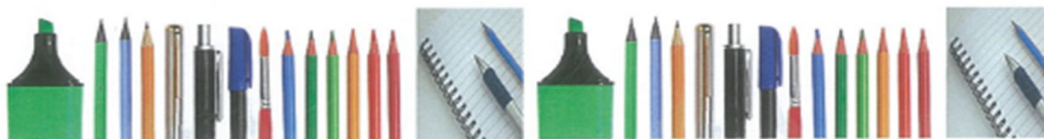

If students come to school without the necessary equipment including a bag, parents will be contacted. This supports the Department of Education's directives that students will be ready to learn. Student timetables will be distributed on Day 1. It is the student's responsibility to ensure they have a copy of their timetable on them at all times.

- There are very limited numbers of stationery packs available for purchase at school. Stationery can also be purchased at the usual outlets.
